FROM bubble cars to Jaguars, all sorts of weird and wonderful vintage cars were put on show at the Oldtimer Rally last Monday.

The event was held at the Grand and, although many owners were put off by the rain, there were still about 200 vehicles present.

Hotel owner Michael Stainer said: "It went amazingly well considering the weather."

Awards

"We had entries for most car categories."

"The rain held off while we conducted the judging and presented the awards at 3.30pm."

The winners and runner-ups of the seven categories have yet to be announced.

An award was presented to Jacques Normand, who had travelled the furthest to get to the event after travelling across the Channel.
